About Us

The Stacy Fuson Foundation is a 501 © (3) non-profit organization that offers financial support to people with disabilities. We are 100% volunteer organization. The goal of our foundation is to assist with costs associated with physical therapy, medical equipment, as well as any other costs related to ones disability so they can stay active in their communities. We treat each request for assistance on a case -by-case basis and assist other organizations on request. Having a disability is challenging mentally, physically, and emotionally. We hope to create avenues for people with disabilities to be important parts of their communities.

Our Founder and Executive Director, Stacy Fuson, was raised by a mother with polio. Stacy has strong memories of a childhood spent accompanying her mother to countless doctor visits. She saw first-hand the stress that a disability places on an individual and their families. It has always been her goal to help others coping with disabilities.

(1SCF) is a non-profit charitable organization whose main goal is to improve the lives of those who suffer from cerebral palsy along with various disabilities.

The 1SCF, through multiple fundraising efforts, supports existing groups, individuals, and research for those already coping with cerebral palsy (CP) and other disabilities. The 1SCF strives to promote awareness and understanding of the disease through educational programs support groups and access to previously unknown research. The 1SCF will also direct funds to researchers seeking for medical advancements in treating and diagnosing CP.
